Ezek. 47

Page 1

Pastor W.H. Offiler

In the year 1720 A.D. Titus destroyed the Temple and the Jews rebuilt it. It has been recorded that the wall would fall time after time. The gates would also open and an Angel was seen over the city with a sword in his hand. When the High Priest saw these things he said, "OH temple, what is wrong with thee?" In that year they offered 276000 lambs in an effort to appease God. But they were only heaping offenses upon God. Queen Helena tried to rebuild the Temple but Jesus said, "There shall not one stone be left on another, which shall not be torn down." Christ made the Prophecy and knew what He was talking about. He knew the Holy Ghost was going to reveal the Temple, first in His body and then through the real Church throughout the Ages. Flames of fire burst out from between those fallen stones and no brick layer dare to go among them. This is tradition but much of our truth is handed down from tradition.

Those living waters that flow out are the living waters of the Spirit of God, the Holy Ghost. When I first came to Seattle I had 90 days to wait on God. I was praying and thinking about Ezek. 47. "Because Abraham believed God, he became the father of all who believe God." I said, "It must be that the Lord wants to show me something about that Scripture, Ezek. 47." I had wondered about the different interpretations of this Scripture but they never satisfied me.

Jesus said, 'Launch out into the deep.' You must go deep with God. Do not stay on the shore. Launch out! I knelt before my bed, with my Bible opened at that chapter Ezek 47. The cubical contents of this chapter struck me. That was right in my line of work. First, the Measurement. As I read these measurements I said, "Lord, where did the Angel begin to measure?" The Spirit of the Lord said, 'Abraham believed God and when Abraham believed, the living waters began to flow.' The Lord Jesus Christ was the greatest teacher man ever had on this earth.

In the book of John, as Christ saw the people drinking the water from the Temple, He said, 'If any man thirst let him come unto me and drink, for out of his innermost being shall flow rivers of living water.' And this spake He of the Spirit which they that believe on Him should receive.

The Prophetic Cubit in the Bible is always the symbol of a year in time. Beginning with Abraham, I measured a thousand and it brought me down to Elijah, where the waters were ankle deep. God dealt with Israel and they simply did not believe God. The Word of God in them was not mixed with faith, as in Abraham. This measurement brought me to the time when the Temple was built by Solomon, and to the translation of Elijah.

The second thousand brings you down to the death, resurrection, and ascension of the Lord Jesus Christ, and also to the outpouring of the Holy Spirit.

Then another thousand brings you down to the present time. From this moment and on, the estimate of those who have died for Jesus runs into millions. The World has been made the scapegoat of various rulers and false religions. If for no other reason that I would not be a Catholic, is because of the history behind Catholicism. They have slaughtered millions of God's Christians. It would be the worst day's work if the Roman Empire could ever be restored.

That woman or that man who is born again will be forgiven, but if they do not come to Christ that Stone will fall on them. Those Ten Toes will be crushed by that Stone, Christ Jesus. This is the Roman Empire restored simply that God's judgment may be poured out on them. Their Ecclesiasticism was worse than their Paganism.

The first measurements brought the deepening of these waters into a mighty river that could not be passed over.....waters to swim in. The rising tide of these spiritual waters signify the rising tide of God's Church in these last days. There are more Saints on the earth today and more of the Holy Ghost in men and women than ever before. There is a rising spiritual tide in all the world. If you could see the people on their knees right now, you would see an army that no man could number. People who have never heard the name of Jesus are standing out under the sun and crying for God to send them some sign.

These measurements bring us down to the time when the Lord Jesus Christ will descend from Heaven. God's Spirit is going to overflow. God's people will come together and a mighty Revival will begin. There were fish on either side of this river. These men were fishing from Engedi to Eneglaim. Why did these fishermen begin here? Is Engedi it means, "The Fountain of the Kid." That is the blood of Christ. The Fountain of the blood that flowed when the Lamb died. That based our Salvation on the Atonement of the Lord Jesus Christ.

Eneglaim mwans, "The Fountain of the Red Heifer." Paul said, concerning the highest standing that a man could reach under the law and Grace, "If the ashes of the Heifer was sufficient to the purifying of the unclean, how much more will the blood of Christ was away the sins of man" In Num. 19:2 you will find instructions for burning the Red Heifer. In this they followed almost the same order as that of the two Birds.

Ashes and water sprinkled on the unclean made him as pure as the law could make him. These were the waters of separation. Under the Law the very highest standard of Levitical purity were the waters of Separation. In this ceremony the Prophets would not even touch the person. They brought a little baby for this purpose.

The deeper the water gets, you have to learn to swim. You will not be able to touch the depths of your Revival. You will not be able to swim. You will have to trust God. Teachers and Preachers will not hardly be able to understand the manifestations of God's Spirit power when it comes. You will have to learn to swim.

The Marsh is where the river overflows its bank and tumbles down into the gulleys and the water said and stank. These waters will never be healed.

Prayer.
